INTRODUCTION

Everyone knows SpongeBob Squarepants which already booming on earth. It is just a comedy cartoon created by an animator and marine science. The cartoon is origin from the united states with the English language. This cartoon first is just to help the student to study undersea life but in 1996, Stephen Hillenburg develops the cartoon into television series. The first time, SpongeBob's name is not like now what we know, it's known as "SpongeBob" and the tv series is not "SpongeBob Squarepants", but "SpongeBob ahoy!" (Ben Beaumont, 2016). That's just some general fact that many people know about how SpongeBob was made. Spongebob is still on air until now, it always has a new episode with a random concept. There is an episode that tells about the Jurassic period, present condition, and future view.

As an EFL student, learn about verb tenses is important. Progressive tense is a category of verb tense used to describe ongoing actions. Grammar learning is needs for students to make them easier understand English. One of grammar learning is Progressive verb tense. Progressive verb tense is described action activity that happens to continue or is still in progress. This tense can be used in past, present, or future tense. This progressive tense can be found with the present participle of the verb in the ending of words (-ing). Example this tense: I am riding a bike (continuing action) and (he is working on a project at

school). Four hundred years ago, the position of the progressive was very different from what it is today. There is three type form of this progressive tense:

The progressive verb in the past tense is S + was/ were + verb (present participle –ing at the end of the verb). Past progressive is usually used to express an action that happens simultaneously, interrupted action that is still in progress, and duration of some activity.

Progressive verb on present tense, the form of this tense is S + am/is/are + present participle at the end of verb (-ing). This tense use for action that happening now or still in progress.

The progressive verb for future tense. The form of this tense is S + will be + present participle at the end of verb (-ing). This tense use for future action that still in progress. (writingexplained.org)
